

# i-SENSYS MF730 Series

## COMPLETE, EFFICIENT COLOUR LASER PRINTING SOLUTIONS FOR MODERN SMEs.

With fast print speeds and innovative features like a 12.7 cm touchscreen & Application Library, the MF730 series sets a new standard for multifunction colour laser printing.

MF732Cdw

MF734Cdw

MF735Cx

### Elegant touchscreen operation

The MF730 series features a 12.7 cm colour touchscreen, enabling swift user operation. With each function no more than a tap away, printing, scanning and copying becomes easier than ever, allowing all features to be accessed easily and intuitively. The Application Library on the MF735Cx allows the screen to be customised to suit the needs of all workplaces.

### Applications to upgrade efficiency

The Application Library also hosts a range of features designed to help users work faster and smarter. Among the customisable options, the MF735Cx can be configured to offer pre-set scan destinations (e.g. email), on-demand printing of frequently used documents, and even display toner status. Users also benefit from innovative features such as eco copy, where up to eight pages can be condensed onto a single sheet, delivering more economical copying.

### Built for mobile working

The MF730 series has been built to fit seamlessly into modern, mobile working environments. Support for AirPrint (Apple) and Mopria (Android) is provided, and this innovative multifunction printer range also offers NFC and QR code pairing, allowing users to print from mobile devices quickly and easily. Users can even connect to cloud storage platforms via the Canon PRINT Business app delivering supreme cooperation and integration.

### Wireless Direct connection

Wireless printing can present a significant security challenge, when guests and occasional users require secure network access. The MF730 series solves this problem through the provision of Wireless Direct connectivity. Users can now connect directly to the printer over Wi-Fi, eliminating potential security risks without compromising on convenience.

### Performance meets precision

Thanks to all-new colour technology, the MF730 series reimagines what laser colour printers can deliver. There's no longer any need to concede colour quality for the sake of efficiency, with vibrant prints produced at an impressively rapid rate, up to 27 pages per minute. Internal communications, marketing materials, and any other documents printed in-house can now be rendered in dynamic, bold hues—commanding attention from the intended recipient.

### Reduced maintenance

Enjoy frustration-free printer maintenance thanks to improved, simpler cartridge installation. Auto seal removal allows toner cartridges to be replaced more quickly and easily than ever, with less printer downtime and reduced wastage. High-yield cartridges are also available, further clamping-down on maintenance demands.

The Canon logo in its signature red font.

# i-SENSYS MF730 Series

## Print Management made easy

Universal Login Manager (ULM) is designed to protect and optimise your device by providing simple, yet secure, user authentication options for device access control. ULM allows for print permissions to be established for users and delivers personalised workflows to drive productivity. In addition, simple reporting tools provide a powerful business insight into device and user activity and costs. Included with MF735Cx. Activation is required.

## OPTIONAL ACCESSORIES

### Cassette Feeding Module-AF1

- Additional 550 sheet paper cassette, 1unit can be added to main unit.

### Barcode Print Kit- E1 (Available on MF735Cx)

- Installs bar code fonts for bar code printing. This kit, which is delivered boxed, includes a license access certificate for activation.

### Barcode Print Kit- E1E (Available on MF735Cx)

- Installs bar code fonts for bar code printing. This kit, which is delivered electronically, includes a license access certificate for activation.

### Send PDF Security Feature Set-E1 (Available on MF735Cx)

- Send encrypted PDF and add digital device signature to PDF files. This kit, which is delivered electronically, includes a license access certificate for activation.

### Telephone 6 Kit (Available on MF734Cdw and MF735Cx)

- Optional telephone handset for fax function.
