Company Overview

Avantech Group is a leading hardware and software solutions company that is constantly expanding and looking for the best talent to join its team. Our company specializes in providing cutting-edge technology solutions to businesses of all sizes and industries.

We provide a wide range of products and services, including hardware and software solutions, office equipment, and related products, to businesses both locally and internationally.

We are official distributors and service agents for Canon Consumer and Business solutions products. Our portfolio spans the full Canon range of photo and video equipment, digital photocopiers, inkjet and laser printers of all sizes, large format printers, digital projectors, document scanners, and calculators.

We distribute AXIS surveillance cameras and Vanguard accessories such as camera bags, tripods, and binoculars.

Additionally, we offer specialized software solutions designed to streamline office document workflow, archiving, sorting, printing, and monitoring.

Our software department, Avantech Software, specializes in developing software solutions for financial services businesses in the banking, wealth and fund management, insurance, and forex sectors.

We developed and market Scan2x, an innovative kiosk-style intelligent document capture solution that brings consistent and intelligent document scanning to organizations of all sizes while maintaining security, ease of use, consistency, and auditability.

Our team is composed of experienced software developers, engineers, and consultants who work closely with our clients to understand their unique needs and deliver customized solutions that meet those needs.

At Avantech, we pride ourselves on our ability to stay ahead of industry trends and continuously improve our offerings to meet the changing needs of our clients. We are always looking for new and innovative ways to improve our products and services, and we are committed to providing our clients with the highest level of service and support.

Our mission

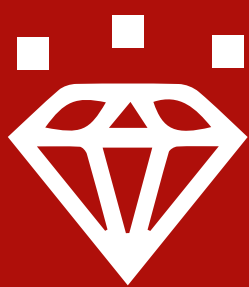

Our mission is to offer our customers top-notch products and services in a transparent and constantly evolving environment, while providing a safe and motivating workplace culture that promotes personal development, diversity, well-being, and a healthy work-life balance.

Our vision is to empower our customers to reach their goals of efficiency and productivity by providing exceptional products and services, while maintaining a commitment to integrity, customer satisfaction, employee well-being, environmental responsibility, and community engagement.

Our vision

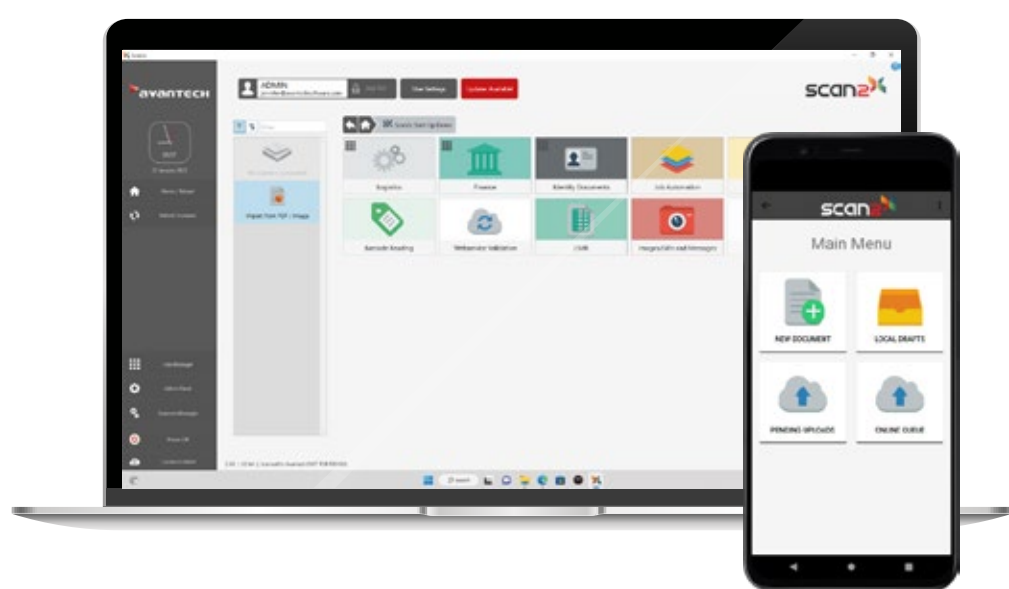

Values

At Avantech we are guided by a set of values that define who we are and how we operate.

We believe in **integrity**, always doing what is right. We value **teamwork** and strive to support, encourage and inspire each other to achieve great things. We are committed to **innovation** and embrace new ideas from all sources. We show **empathy** and care for everyone we interact with. We approach every challenge with **humility**, recognizing that admitting to a failure is an opportunity for growth and respect. Above all, we are dedicated to ensuring **customer satisfaction**, providing our clients with the highest level of service and support. These values are at the heart of everything we do, and they guide our actions and decisions every day.

Our Solutions

Intelligent Scanning Software

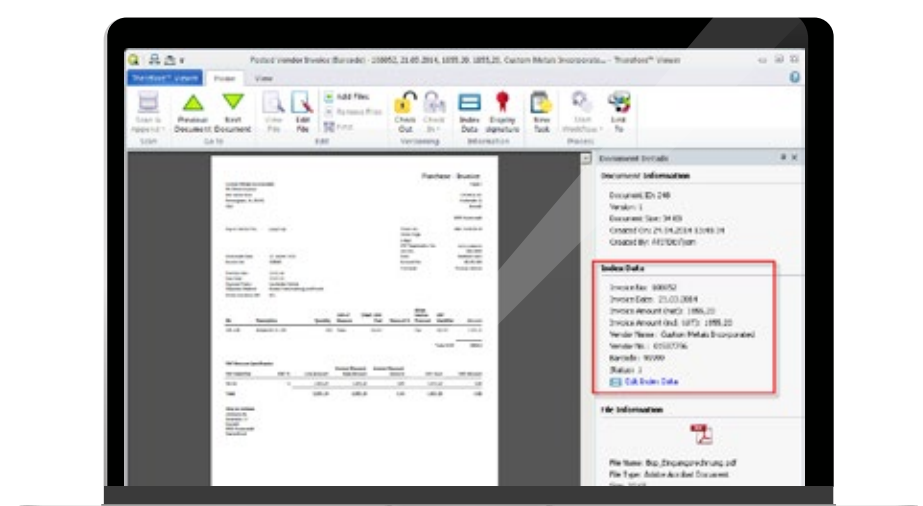

Take your first step into digitisation by bringing the power of professional scanning applications within reach of every user in your company. Scan2x intelligent scanning software securely captures, audits and processes key data at source, all at a touch of a button.
