Company Overview

Avantech Group is a leading hardware and software solutions company that is constantly expanding and looking for the best talent to join its team. Our company specializes in providing cutting-edge technology solutions to businesses of all sizes and industries.

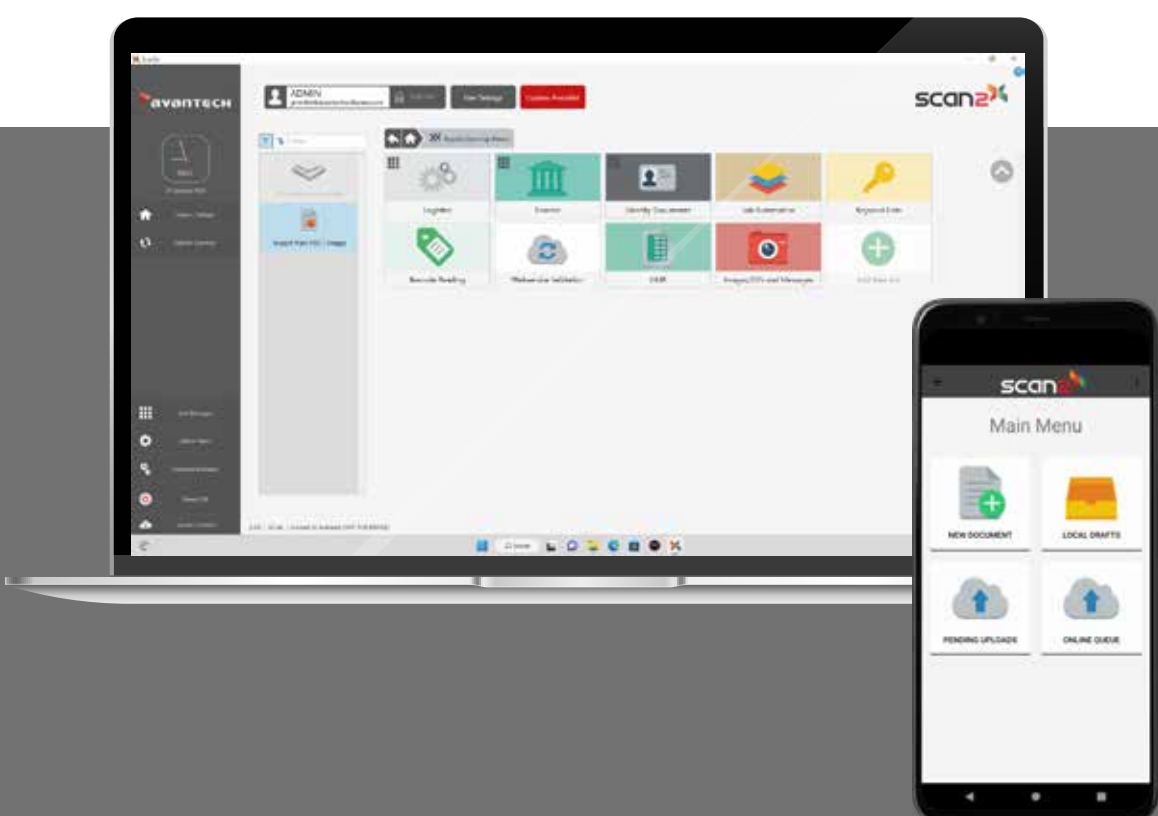

We provide a wide range of products and services, including hardware and software solutions, office equipment, and related products, to businesses both locally and internationally.

We are official distributors and service agents for Canon Consumer and Business solutions products. Our portfolio spans the full Canon range of photo and video equipment, digital photocopiers, inkjet and laser printers of all sizes, large format printers, digital projectors, document scanners, and calculators.

We distribute AXIS surveillance cameras and Vanguard accessories such as camera bags, tripods, and binoculars.

Additionally, we offer specialized software solutions designed to streamline office document workflow, archiving, sorting, printing, and monitoring.

Our software department, Avantech Software, specializes in developing software solutions for financial services businesses in the banking, wealth and fund management, insurance, and forex sectors.

We developed and market Scan2x, an innovative kiosk-style intelligent document capture solution that brings consistent and intelligent document scanning to organizations of all sizes while maintaining security, ease of use, consistency, and auditability.

Our team is composed of experienced software developers, engineers, and consultants who work closely with our clients to understand their unique needs and deliver customized solutions that meet those needs.

At Avantech, we pride ourselves on our ability to stay ahead of industry trends and continuously improve our offerings to meet the changing needs of our clients. We are always looking for new and innovative ways to improve our products and services, and we are committed to providing our clients with the highest level of service and support.

Our mission is to help companies streamline their processes and increase productivity through the use of cutting-edge technology.

As we continue to grow and expand, we are always on the lookout for the right people to join our team. If you are a software developer, engineer, or consultant with a passion for technology and a desire to work in a dynamic and fast-paced environment, we would love to hear from you.

We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.

If you are interested in joining our team, please visit our website and submit your application today. We look forward to hearing from you!

Internship Program Overview

Welcome to the Avantech Internship Program!

As an intern at Avantech, you will have the opportunity to work alongside our experienced software developers and gain hands-on experience in the field of digital automation. Our internship program is designed to provide you with a comprehensive understanding of the software development process, from the initial concept phase to the final implementation.

During your internship, you will be assigned to a specific project team and will be responsible for various tasks such as coding, testing, and debugging. You will also have the opportunity to attend team meetings and presentations, where you will learn about the latest industry trends and technologies.

The duration of the internship will vary from case to case and the compensation will be discussed during the interview stage.

We are looking for interns who have:

- ✓ Strong problem-solving skills
- ✓ A passion for technology and software development
- ✓ A willingness to learn and take on new challenges
- ✓ Strong analytical skills written and verbal communication skills

If you are interested in applying for our internship program, please submit your resume and cover letter. We will review all applications and reach out to qualified candidates for an interview.

We look forward to hearing from you and welcome you to the Avantech team!
